

Says British Must Lower Living Standard

Cripps States All Britons Must Help

Washington, Sept. 9.—(AP)—Sir Stafford Cripps warned today it may be necessary to reduce the living standards of "a lot of people" during the next two years before Britain solves its financial crisis.

The British chancellor of the exchequer made these remarks in reporting on the progress of the British-American-Canadian financial talks now in their third day.

In his remarks on living standards he apparently referred to Britain and possibly some western European nations. There was no indication he meant the United States.

Only Temporary
Cripps expressed hope that any cut in living standards would be only temporary "while we are working out solutions which would be acceptable to the people."

Speaking before more than 400 reporters at a National Press Club luncheon, he again appealed for the United States to open up its markets to British products so that Britain can earn enough dollars to meet its deficit.

All the steps by the western world to join forces to resist communism will be in vain, he said—"if we fail to provide a sound economic basis for these combined efforts of the free democracies."

Britain's 200-pound foreign minister, Ernest Bevin, echoed Cripps' words in a brief off-the-cuff address before the overflow crowd. He described Britain's money troubles as a world problem. And he aroused a big ovation when he said:

"Don't let's blame each other. Let's join to solve it."

Immediately afterward, the two British cabinet officers went to the state department for their fifth meeting with top American and Canadian government officials.

Cripps' comment on living standards aroused immediate speculation that the labor government might shortly cut rations for the British people as a means of reducing expenses. He did not elaborate on the statement but many American government officials are known to believe that Britain would have to take such "belt tightening" steps to work its way out of the present dollar crisis.

Taft Says House Trade Bill Will 'Destroy Industry'

Washington, Sept. 9.—(AP)—Senator Taft (R-Ohio) declared in the senate today that the reciprocal trade agreements bill as passed by the House would give President Truman "the power to destroy American industry."

Already, he said, the oil, wool, pottery, glass, watchmaking and bicycle industries have sustained damage under the now expired law under which the President negotiated mutual tariff cuts with other countries.

With debate on the bill in its third day, there were other developments.

1. Senator Thomas (D-Okla.) offered an amendment to limit imports of foreign oil to 5 per cent of the domestic U.S. demand.

2. Senator Butler (R-Neb.) charged that the State department is "sabotaging" the agriculture department's price support program by advocating lower tariffs on farm products.

Taft told his colleagues that those who oppose the so-called "peril points" amendment sponsored by Republicans simply want this country placed on a basis of free trade with all the world.

Report Nationals Winning On Front North Of Canton

Canton, China, Sept. 9.—(AP)—If official accounts portray the real situation, the nationalists are hitting the Chinese communist armies hard blows on the front north of Canton.

The nationalist defense ministry reported tonight that the Red 46th army of 30,000 men had been routed in a battle near Anjen, 250 miles north of this provisional capital. It said the communists now were in full retreat after suffering heavy losses.

The ministry also reported nationalist counterattacks were moving east from Leiyang and Chenhsien, 250 and 180 miles north of Canton. Results of all these operations would be to ease the threat to the railway that runs almost due south from Red-held Hankow to Canton.

Shooting Victims Ask To See Same Woman

Canton, China, Sept. 9.—(AP)—Two prominent American members of the Canton foreign colony, wounded in an unexplained gunplay that caused a third man's death, both asked today to see the attractive blonde wife of one of them.

"Tell Mayo to come to see me," gasped Leonard Clark, 42-year-old San Francisco explorer as he was being treated with oxygen for a bullet wound in the lung.

He referred to Mrs. Maya Freeman, vivacious Polish wife of his friend Willard Freeman, 41-year-old businessman of Bridgewater, Mass.

"Where's Mayo? Tell her to come see me," said Freeman from another room in the rundown Canton emergency hospital. He apparently was unaware that he was near death from two bullet wounds in the abdomen. He asked that his wife bring him cigarettes.

Nor did Freeman know that his business associate, Harold Harris, 45 Shanghai-born British subject, had been killed.

MoPac Railroad Employees Strike

5,000 Walk Off And 22,500 Others Laid Off

St. Louis, Sept. 9.—(AP)—Operating employees of the Missouri Pacific railroad went on strike at 2 p.m. (CST) today. Service on the big railroad already was at a virtual standstill, with almost all of its trains halted earlier in the day to avoid last-minute confusion.

The few trains still rolling when the strike deadline passed continued on to their terminals, with consent of union officials.

Five thousand engineers, firemen, conductors and other trainmen left their jobs in a dispute over interpretation of operating rules.

Only 2,500 Still Working
An additional 22,500 non-operating employees were laid off at the close of business today. Only about 2,500 were to be kept on the railroad's payroll tomorrow.

The last hope of a settlement collapsed shortly after noon. Frank Douglas, member of the national railway mediation board, announced in Washington the unions rejected proposals made as a basis for delay or settlement. He would not disclose the nature of the suggestions.

A spokesman for the four operating brotherhoods that called the strike said Douglas made his last-minute appeal to the unions by telephone.

"He asked us to do whatever we could to avert a strike but recognized that the responsibility for this is not on us," the spokesman asserted.

May Cripple Industries
A prolonged strike would cripple many industries in the ten states served by the 7,200-mile railroad and lead to shutdowns idling many more thousands of workers.

The railroad operates in Missouri, Arkansas, Illinois, Kansas, Louisiana, Colorado, Oklahoma and Nebraska and its lines also extend into Memphis, Tenn., and Nashville, Miss.

The Missouri Pacific has 15 subsidiaries, ranks as the nation's ninth largest carrier. It normally carries about 12,000 passengers a day.

Among the larger cities affected by the strike are St. Louis, Kansas City, Omaha, Neb., Memphis, Tenn., and Little Rock, Ark.

The Missouri Pacific is the only line serving many factories in the vast area. With an embargo placed on freight shipments by the road last Tuesday, the paralysis of a railroad strike already was felt.

Tomasso drove the last spike as foreman of the railroad's track gang in 1908. But because the 150-man gang was exhausted from its work and the event took place in a California wilderness, there were no cheers...no handshakes.

Today, however, at the Chicago railroad fair, the scene was different.

The 70-year-old Tomasso, now a prosperous San Francisco businessman, was given a silver sledgehammer by company officials who are celebrating the road's ruby jubilee.

Tomasso rode into the Wheel-a-Rolling pageant arena aboard the Western Pacific's newest and most luxurious streamliner—the vista-dome California Zephyr.

12 DROWN IN RIVER
Calcutta, India, Sept. 9.—(AP)—A river craft capsized today near Bisthar township, about 200 miles from here, and more than 12 persons drowned. An elephant owned by a local landlord helped in rescue operations, plucking a child from the water.

Soldier Sentenced To Life For Killing 3 In Drunken Orgy

Stuttgart, Germany, Sept. 9.—(AP)—A U. S. military court today sentenced Recruit Russell Jones, 22, to life in prison for killing three German strangers who crossed the path of his drunken orgy the night of last May 1.

His life was spared by the court of four officers and four sergeants on the ground he was so fogged with liquor he could not have planned murder.

Jones is the father of one child. His 16-year-old wife, Dorothy Jones, is expecting another at their home in Fall River, Mass.

He has been in the army since 1946. The recruit rating, which comes from the army's postwar reassignment of grades, means back to private.

The court rejected all defense efforts to prove him insane. Jones was convicted of these offenses on the night of the killings: misappropriating an army jeep, stealing a carbine, assault with a deadly weapon, and drunk and disorderly conduct.

Explorers Give Up Search For Noah's Ark After 12 Days

Dogubayazidli, Turkey, Sept. 8.—(AP)—Delayed—An American expedition gave up the hunt for Noah's Ark today after 12 days of fruitless search on Mount Ararat.

Scott Dr. Aaron P. Smith, retired missionary from Greensboro, N.C., who led the search, thinks the old wooden ark which the Bible says rode out the great flood is still hidden somewhere on the rocky, three-mile-high mountain.

"We have cleared the way for future expeditions," Dr. Smith declared. "We expect other missions to complete and lead to success the job we have begun."

Smith headed a group of five Americans who were escorted by Turkish soldiers over crags and through drifts of volcanic ash for 12 days.

Every part of Mount Ararat was searched, including the five-mile plateau extending between the main mountain and small Ararat peak.

It was in this region that Turkish peasants and some aviators have claimed the Biblical ark has been sighted. According to the Bible, Noah's ark came to rest on Mount Ararat after the great flood of the pre-Christian era.

Near Record Farm Crop Is Assured Nation This Year

Washington, Sept. 9.—(AP)—A near-record volume of farm crops topped by another surplus-creating crop year—is virtually assured the nation this year.

Reporting this, the Agriculture department said today that present indications are that total production will be second only to last year's record harvest. Since the growing season for most crops is almost over, there is little likelihood of any material change from today's production estimates, officials said.

Highlighting the latest report was the prediction for the corn crop—3,326,000,000 bushels—only 35 per cent below last year's record, but 27 per cent above average. The new figure is only about 13,000,000 bushels less than forecast a month ago.

A corn crop of this size is virtually certain to lead the government to invoke production controls on the 1950 crop in a move to prevent accumulation of a burdensome surplus. This year's indicated crop—as was the case with last year's—is much larger than prospective needs.

Says 3rd Of State Warehouses Do Not Have Licenses

Chicago, Sept. 9.—(AP)—More than a third of the state's 450 storage warehouses are operating without licenses or protective bonds, the Illinois Commerce commission disclosed today.

Walter T. Fisher, ICC chairman, said he would take immediate legal action to compel warehousemen to comply with the State Warehouse Act.

The act requires license fees and bonds be posted by July 1 of each year.

Possible penalty for failure to comply with the act is a \$1,000 fine, six months imprisonment or both. License fees range from \$20 to \$50. Bonds range upward from a minimum of \$5,000 depending upon the area of storage space and amount of property stored.

They are required to protect stored property against loss by water, fire or theft.

Istanbul, Turkey, Sept. 9.—(AP)—Heavy rainstorms which lashed Turkey in the past three days brought death to at least 12 persons and disrupted train service.

Little Earl Shelton Shot 10 Times By Ambushers

Young Navy Flier Denies Blame For B-36 'Smear' Campaign

Washington, Sept. 9.—(AP)—A three-man board of admirals today recessed its investigation into the B-36 "smear" campaign until Sept. 21 after hearing fresh denials of blame by a young navy flier.

Capt. Sanford B. D. Wood, navy judge advocate, told newsmen the case which blew up a storm on Capitol Hill is not closed.

He said the recess was called to allow time for checking deeper into the background of conflicting testimony aired during the four-day-old inquiry.

So far, the hearings have proven virtually a triumph of negation. Not a single witness has admitted being directly involved in helping Cecil R. Worth prepare the discarded memo.

Worth himself has admitted to the house armed services committee that the unsigned document he put into circulation in the halls of Congress was based on unverified rumors and innuendoes, although it attacked the integrity of such men as Secretary of Defense Johnson, Secretary of Air Sympington and Secretary of War Clegg.

Worth was immediately suspended from his post as special assistant to navy undersecretary Dan A. Kimball after disclosing that he wrote the memo and retreating its charges.

The document sought to discredit the airforce's giant six-engined B-36 bomber as a prime weapon in any future war. For years there has been a tug-of-war between the navy and air force for strategic bombing assignments and congressional appropriations.

Worth has not yet testified before the naval court of inquiry. In today's session, Navy Lt. Samuel P. Ingram, a red-headed young flier from Texas, squirmed nervously but steadfastly insisted it was not he who "piddled the memo on Secretary of Air Sympington and Capitol Hill."

Ingram said he knew a little about the document originated and he repeated testimony given by an earlier witness—that Rep. Deane (D-KC) had asked Worth for a "memorandum of information" on matters of national defense. That was last May, he said.

The earlier witness was Capt. LeRoy Shumaker of navy public relations, who told a similar story about Congressman Deane yesterday.

Capt. Wood, conducting the court examination, noted that Chairman Vinson (D-Ga.) of the house armed services committee had said Ingram was "piddling" the memo in congressional corridors.

Fights Off Attackers With Pistol

Fairfield, Ill., Sept. 9.—(AP)—"Little Earl" Shelton, hit by 10 slugs but his pistol still blazing, fought off machine gun assassins in a brisk pre-dawn gun battle today. He was the fourth of the notorious Shelton clan to be ambushed in two years—the second to survive the attack.

At Deaconess hospital in Evansville, Ind., where he was taken by ambulance, the 33-year-old Shelton's condition was reported "fair." He was hit in the thigh, legs and head.

Shelton, who was raked by fire from a parked car as he drove up to his home here, complained:

"The dirty dogs never even let me get out of the car for a shot at them."

2 Brothers Killed
"Little Earl" is the nephew of Carl and Bernice Shelton, who were shot to death, and of "Big Earl," who was critically wounded in the earlier ambush attacks. The elder Sheltons led a gang that terrorized southern Illinois during the prohibition era. They used an airplane, make-shift bombs, steel plated cars and machine guns in their warfare with the rival Charlie Burger gang. Forty deaths were attributed to these hostilities.

Asked what might have prompted the attack on "Little Earl," Deputy Sheriff Elmer Brown said: "That's what I don't know. It's just gang warfare. It's a continuous thing."

He added that police wanted to question "Black" Charlie Harris, one time ally of the Sheltons who later fell out with them.

Gets License Number
Night Police Chief Elmo Musgrave said Little Earl had given him a license number for the ambush car. The license, he added, had been issued to Harris. However, the officer said he doubted that Shelton could have seen any license plate numbers in the darkness.

Shelton's home is equipped with flood lights, but they were not on when he pulled up in front of his home at 12:30 a.m. A blast of gunfire from an automobile put... across the street riddled Shelton's car.

Shelton, although badly hit by the burst, drew his pistol and fired back. The car then sped off and Shelton said he thought at least one of his slugs hit the assassin's car.

The car of the gunfight in the quiet neighborhood brought on the quick neighborly help. She found him bleeding, but still conscious and helped him into the house. The car was pierced by 20 slugs of two different caliber. The rapidity of the shots led police to the belief at least some of the bullets were from a machine gun.

Steel Fact-Finders Finish Plan To Avert Big Strike

Washington, Sept. 9.—(AP)—President Truman's fact-finding board, strike Wednesday, put the final touches today on its proposed solution to the crucial wage-pension dispute.

The board's findings, it accepted by the union and the industry, probably would have a widespread and immediate effect on other major industries.

If the findings are rejected, a million CIO steelworkers are scheduled to strike at 12:01 a.m. Wednesday.

The possibility of a fourth round of post-war wage increase rides on the board's recommendations, which go to Mr. Truman tomorrow morning for release to the public at 4 p.m. (central standard time) Saturday.

The union's chief demands are for a wage increase of 12 1/2 cents an hour and \$150 monthly pensions for aging employees.

'Miss Illinois' Wins 3rd Round In Beauty Contest

Atlantic City, N. J., Sept. 9.—(AP)—Blonde, green-eyed "Miss Illinois" won the third round bathing suit preliminary in the Miss America contest tonight.

She is Trudy Germl, 18, of Chicago, Ill., the first contestant from east of the Mississippi to take preliminary honors in the beauty contest.

The eight-year-old from Broadwater, Neb., will leave Children's Memorial hospital with the strong, healthy heart she needs for childhood's rough and tumble games.

Judy underwent a two-hour operation Sept. 1 to correct a congenital heart deformity which had made her a spectator while normal youngsters romped.

Her ailment, "patent ductus arteriosus," resulted in an enlarged heart. The ductus, a blood vessel near the aorta, failed to close at birth and blood was detoured to the lungs.

The Scottsbluff, Neb., Elks lodge became interested in her case and raised funds for the operation. Doctors at Children's Memorial termed it a complete success.

PICKET STATE BUILDING
Chicago, Sept. 9.—(AP)—Pickets paraded around the State of Illinois building today protesting against a 10 per cent cut in relief funds which took effect Sept. 1.

They passed out handbills urging passersby to write state officials.

Army and Navy played their first football game in 1880, with Navy winning, 24-0.

WAKES TO FIND AUTO IN KITCHEN
Inglewood, Calif., Sept. 9.—(AP)—It all seems like a bad dream to Mrs. Agnes Marshall, but there's that hole in the wall.

She said she was awakened by a crash today and found an automobile in her kitchen.

"I'll call the police," she said she told the dazed driver.

But when she returned, the car and driver were gone.

NEW GENERAL MANAGER
Chicago, Sept. 9.—(AP)—The Rock Island lines announced today the appointment of C. L. Franklin as general manager of the railroad. He became acting general manager July 1, succeeding G. W. Raley who was given a furlough because of ill health. Franklin entered the Rock Island service at Cedar Rapids, Ia., in 1937.

WE LEAD THE REDS EIGHT TO ONE

The question as to how capitalism and Communism stand in the race for economic supremacy can be answered easily insofar as the United States and Russia are concerned. Our postwar productivity is eight-and-one-half times that of the Soviet Union.

This is according to the findings of Colin Clark, an economist for the Australian government who is internationally known for his comparisons of national incomes. His studies represent the first attempt to put economic comparisons on a precise basis. His initial studies, of comparative income in 1939, have since been confirmed by economists of the United Nations and the Federal Reserve board. He has been attending the United Nations conferences in this country.

His findings are reached by measuring a country's output of goods and services against the amount of labor expended; in short, by production per man-hour.

It may be that the Russians are a backward people and could not reach the American level of efficiency under any system. No such handicap is conceded for them, however, by the Soviets. The Moscow broadcasters, in fact, continue to claim that Russia is the scientific leader of the world, being responsible for the invention of the electric light, radio and many other wonders.

Moreover, Communism, if it were really successful, would show an improved rate of productivity for the time it has been in power. But Clark reports: "Economic progress in Russia has been uncertain and slow and the most recent figures indicate that productivity now is only at about the 1900 level. Industrial advances have been counter-balanced by agricultural stagnation."

At any rate, the facts are pretty tough on the Kremlin. Clark's figures show that Russia is in a class with the backward countries of eastern Europe, such as Hungary, Yugoslavia and Rumania, and leads only a few nations in the whole world. Its productivity is twice that of India and four times that of China and leads that of some of the backward countries of South America.

All the industrially advanced countries except Italy are well ahead of Russia in productivity. Great Britain has an advantage of four to one and France of two-and-one-half to one.

The United States, New Zealand and Canada lead the world in national productivity, with Australia and Great Britain close behind. The leaders all suffered during the war years but have recovered and reached new all-time peaks.

Mrs. Mary Dorr Found Dead At Home Near Kane

Carrollton—Mrs. Mary Dorr, wife of Hayden Dorr, was found dead in bed at her home near Kane early Friday morning.

An inquiry held at the home of the late John Weber and Mrs. John Weber of Rockbridge, Ill., revealed that death resulted from a heart attack. Mrs. Dorr had been under the care of a physician for the past year.

Born at Rockbridge on April 23, 1907, Mrs. Dorr was the daughter of the late John Weber and Mrs. John Weber of Rockbridge, Ill.

Surviving besides her husband and son, Hayden Dorr, are five children, Henrietta, John, Stanley, Roger and Richard, and daughter Helen, Mr. and Mrs. all at home; and the following: Cecil Oxley, Mr. and Mrs. William Oxley and Mrs. Ed Weber, both of Carrollton and daughter Linda Kay.

Ashland Girl
Becomes Bride
Of Decatur Man
Ashland—Vows of marriage were
exchanged by Miss Kathryn Mau,
daughter of Mr. and Mrs. R. F. Mau
of Ashland, and Carl W. Brink, son
of Mr. and Mrs. Fred Brink of De-
catur, in an afternoon ceremony
which took place Sunday at 3 p. m.
at St. John's Lutheran church at
Pleasant Plains. The rites were per-
formed by Rev. E. F. Tonn.
Mrs. S. D. Danenberger of Normal,
sister of the bride, acted as matron
of honor. The best man was Marvin
Richt, brother of the bridegroom.
It. P. Mau, Jr., the bride's brother,
and Edward Tartoch of Decatur
served as ushers. Little Janet Char-
nietzki, niece of the bridegroom, was
flower girl.
The bride was attired in a white
satin gown, styled with sweetheart
neckline, tapering sleeves and full
skirt, made en train. Her finger-
ring was attached to a neadress of
pearls. White Chrysanthemums
fashioned the bridal bouquet. As her
only jewelry she wore a strand of
crystal beads, belonging to her late
grandmother.
Mrs. Danenberger wore a floor-
length gown of aqua crepe and car-
ried yellow chrysanthemums. The
flower girl was gown in aqua tulle.
For her daughter's wedding, Mrs.
Mau chose a gray dress, with which
she wore a corsage of red roses. Mrs.
Brink, mother of the bridegroom,
wore royal blue with a corsage of
gardenias.
Following the wedding, a reception
was given at the home of the
bride's parents, with about 50 guests
in attendance.
Upon returning from a wedding
trip to St. Louis, the couple will re-
side in Urbana, where the bride-
groom will be a student at the Uni-
versity of Illinois.

He's Driving
His Letter of Introduction!

A Cadillac doesn't tell who you are—but it
speaks most eloquently of what you are!

It says, as plainly as if it spoke the words, that
you're a man or a woman of discriminating taste;
that you're a person of achievement in your own
world of affairs; and that you have the utmost
consideration for the safety and comfort of those
who ride with you.

In business, in finance, and in the profession—
the owners of Cadillacs stand apart. The Cadillac
crest has become a mark of achievement in every
community and in every noteworthy walk of life.

This, of course, is an extra value that comes to the
owner of a Cadillac car... a pleasing addition to
the wonderful performance, the matchless comfort,
and the unbelievable endurance which are inher-
ent in every car that carries the Cadillac name.

If you would like to know what a pleasure it is to
"drive your letter of introduction"—come in at
any time for a ride that's a revelation.

GADGETS TO CHECK COWS'
TROUBLE WITH HEAT
Davis, Calif. —(AP)—Cows, too,
have trouble with the heat. Uni-
versity of California scientists are
studying the problem. They have
constructed two miniature weather
stations to find out how hot it gets
in corrals in the Imperial valley.
The idea is to find out how much
shade and moisture can help cattle
under extreme heat. Cattle in the
valley feed normally in the morn-
ing during hot weather. But when
the sun begins to get hot they seek
shade until driven out to forage by
hunger.
Prof. F. A. Brooks of the College
of Agriculture experiment station
says the new weather recording
gadgets weigh less than 100 pounds.
They will record air tempera-
ture, relative humidity, air velocity,
soil temperature and rate of evap-
oration.

ROOTS TELL NIGHT FROM DAY
Davis, Calif. —(AP)—Root systems
of plants have some mysterious way
of telling night from day. Robert
Hagen irrigation researcher at the
University of California Experi-
ment station here is trying to find
out about it.
Normally, the roots force water
up through the plant in the day
and reverse the process at night.
They keep right on doing this when
they are put in a room which has
the same light day and night. They
even do it when the tops are cut
off. Hagen has found. He found,
however, that they stop the pro-
cess if carbon dioxide or nitrogen is
put into the soil to replace oxygen.

Local Delegates Attend Deanery Council Meeting

Miss Stella Ring, Mrs. F. J. Perry and Mrs. Dennis Whalen were among those from Jacksonville and vicinity who attended the quarterly meeting of the Jacksonville Deanery Council of Catholic Women at Haganan Thursday afternoon. The ladies of St. Catherine's parish at Haganan, under the leadership of Mrs. L. M. Butler, were hostesses for the social hour following the business meeting, over which Mrs. T. P. Leahy of Ashland, president of the organization, presided.

"Conditions in Europe are better since the Marshall Plan went into effect," said Father Paul Heinen, pastor of Holy Ghost parish, Jacksonville, in speaking on the program for aiding displaced persons established in his parish.

He urged sending clothing and material directly to those in need because of the morale-building effect of the personal relationship. Conditions, though better, are changing constantly, so that the persons who needed help last year may not need it now, and for that reason, too, direct contact is the best way of getting help to those who really need aid.

Packages from Jacksonville are sent to Father Heinen's sister who lives in the town where he was born, Jacksonville, Thursday at 7:03 p.m.—a town of normally 800 population, now grown to more than 2,000 because of the influx of displaced persons here.

ing responsible for the increase. Basing his opinion on facts gleaned from correspondence with people in Germany, Father Heinen made the observation that both military and civilian personnel from the United States in Germany have accomplished a great deal of good. He urged everyone to continue their programs for aid to displaced persons and in particular to remember the tubercular children.

Mrs. John Muth, Jacksonville, chairman of war relief services, Mrs. Whalen, chairman of shrines in the home, and Mrs. Perry, chairman of libraries and literature, gave brief talks on the work of their committees. Mrs. Perry also gave the response to Father Heinen's address of welcome.

Mrs. John Nevins and Father John McGrath, both of Springfield, president and spiritual director respectively of the Springfield Diocesan Council of Catholic Women, were present and outlined the program for the annual convention to be held at the Leland Hotel in Springfield on Saturday and Sunday, October 1 and 2.

Births

Mr. and Mrs. John Gordon, rural route one, Franklin, are parents of a daughter born Thursday at 5:21 p.m. at Our Savior's hospital. The infant weighed six pounds, three ounces.

A son was born to Mr. and Mrs. Alpha McGrover, rural route six, at Passavant hospital.

ADVERTISING GETS RESULTS

To Be Cleared From New Hospital Site

This nine room house on the Rowan farm, one mile west of the city on State Route 104, together with a full set of outbuildings will be sold at auction next Wednesday, Sept. 14, to make way for the new Passavant Memorial Area hospital which will be built on the site. The portion of the buildings will begin at 1 p.m. Wednesday on the ground. The house is 24 by 30 by 28 feet, and the outbuildings include a barn, 24 by 56 by 16 feet with lean-to sheds, smoke house, coal shed, two poultry houses, scale shed, corn crib etc. The auction will be conducted by the Passavant hospital, board of trustees, of which M. R. Range is president, and the citizens building committee, of which A. Sullivan is chairman. Midendorf Bros. will be auctioneers of the sale with J. Harry Dowland, clerk.

Ground for the new hospital is expected to be broken late this fall. Water and sewer connections are now being laid to the building site. M. R. Range president of the board said Friday that all plans prepared by Edgar Martin of Chicago, the architect, have been approved, and that 70 per cent of the specifications have been assembled.

At a meeting held Thursday night at the V. F. W. home, members of Morgan County Post 1378, Veterans of Foreign Wars, voted to make individual donations for the 56 tons of gravel which will be used on the new driveway, under construction at the time.

A letter of appreciation was sent to the O'Connor Construction Company for use of its equipment in building the new driveway.

Members will man the booth on the north side of the square all day Wednesday, Sept. 14, in the emergency polio fund drive. It was decided at the meeting to purchase a new public address system, to be installed at the next regular meeting.

Randolph Little, Jr., and Edward Robson were voted into membership. The oath of obligation was given Dale Decker by Commander Herl B. Jordan.

A round robin letter was sent to a fellow member, Porter Johnson who is a patient at St. John's hospital in Springfield.

Chairman Jack Andrews set Sept. 28 as a tentative date for the forthcoming chicken fry.

Jessie Smith of the Peter Summer post 814, V.F.W., Florida, was a guest.

Old Well, Cistern Found Under East College Avenue

Two more relics of old Jacksonville, when the city relied on wells and cisterns for its water supply, have been unearthed on East College avenue, just east of the South Main street intersection. Employees of the Sangamo Construction Co., engaged in preparations for the new loop pavement, found a large well and cistern, each in good state of repair, although they have been hidden by pavement for many years.

A brick cistern 15 feet in diameter and about 15 feet deep was located on East College avenue, at the southwest corner of the county jail property. A short distance east of the cistern is a 16 foot well, four feet in diameter. Both were nearly filled with water when the excavating machinery revealed them to sight again.

The age of the well and cistern was estimated by Kenneth Stapleton, consulting engineer on the loop project, at between 75 and 100 years. The type of construction and materials indicated that the reservoirs were constructed before Civil War times.

For three-quarters of a century traffic has passed over the ancient well and cistern, sealed at least five feet below the surface when some of the earlier pavements were laid.

Another big cistern was discovered on South Sandy street a couple of weeks ago.

Construction officials who have viewed the reservoirs expressed opinion that Jacksonville relied on them for water for the protection. No doubt much of the water was used for watering horses near hitching racks and at livery stables.

Construction work is well along on all south side loop streets. Paving operations originally scheduled to begin this week have been delayed by tardy arrival of steel, but probably will get under way within two weeks.

Officials in charge of the loop paving project said the old wells and cisterns will be filled with sand, gravel and earth before the new pavement goes down.

Clubs Man Booths In Polio Emergency Drive

The polio epidemic emergency drive went into full swing Friday with the opening of the booths on the square.

Launched throughout the nation by Basil O'Connor, National Foundation president, this is the first emergency drive ever held in the history of the fight against polio in the United States. It is termed a "disaster drive" because of high polio incidence and high cost of providing medical care has exhausted March of Dimes epidemic aid resources.

Many groups and organizations are cooperating. Members of the Kiwanis club and the Annettes mated the booths Friday. The Amalgamated Clothing Workers and members of the A. F. of L. unions will be in charge Saturday.

The schedule for next week is: Monday, Rotary and Catholic Daughters of America, Tuesday, American Legion, and Exchange Club; Wednesday, Veterans of Foreign Wars and Junior Chamber of Commerce; Thursday, Optimist Club, Lions Club and High School Student Council.

Roland Trotter is treasurer for the epidemic emergency drive.

New Centennial Carpet Installed At Northminster

Members and friends of Northminster church will gather Sunday at the morning service at 10:45, when a part of the service will be set aside for the dedication of the centennial carpet.

Early last spring the congregation began work toward replacing the carpet in the sanctuary as a project in preparation for the celebration of the one hundredth anniversary of the organization of the church, which is to be observed in May, 1950.

The trustees of the church, in keeping with the plan reconsecrated the floors and covered the stairways and all entrances of the church with rubber tiling.

This project has added much to beauty of the sanctuary, which has been completely rededicated and a new lighting system added in the last few years.

The public is invited to this service of dedication.

Youth Fellowship To Meet Sunday At Christian Church

The Christian Youth Fellowship of Central Christian church will meet Sunday at the church from 4:30 to 6:45 p.m. for a program of games, worship and discussion. This will be a program for junior high and high school young people. Supper will also be served.

Plans are also under way for a total youth program to be launched Oct. 2. Many of the youth will be in attendance at the Illinois Convention of Christian churches in Des Moines on Sept. 25, and at the International Convention of Christian churches in Cincinnati, Ohio, on Oct. 28-29.

Lillian Renner Dies At Hospital; Funeral Monday

Mrs. Lillian Renner died Friday morning at 1:40 o'clock at a hospital here after an extended illness. She was born Oct. 22, 1885, in St. Louis, the daughter of G. Renner and Magdalena Gerst Renner. Her father was a tailor in this city for a number of years.

Mrs. Renner resided in St. Louis for some years, returning to this city about 20 years ago. She was a member of the Church of Our Saviour.

Surviving are one sister and three brothers, Mrs. Joseph Maher, George and Albert Renner of Chicago, and E. L. Renner of Texas.

The remains were prepared for burial at the Gillham Funeral Home, after which they were taken to Chicago. Funeral services will be held in that city Monday morning at the Church of the Little Flower, with burial in Mt. Olivet cemetery.

Rites Saturday For Jersey Woman

Jerseyville—Funeral services for Mrs. Minnie Iola Beard, wife of Charles Beard, will be held Saturday afternoon at 2 p.m. from Jacoby Brothers Funeral Home. Interment will be in Oak Grove cemetery.

The deceased was born Oct. 6, 1918, at West Quincy, Mo., and died at her home here Thursday morning at 30 years of age.

She is survived by her husband, Charles Beard; her mother, Mrs. Mary Hall, and step father, Ernest D. Hall of Ottumwa, Ia.; and one half-brother, LeRoy Harstock of Delhi.

High School Football Coaches And Officials In Rules Meet At JHS

Sixty-three football coaches and officials met in a rules interpretation session at Jacksonville high school last night. The convention, an annual affair, is conducted under the auspices of the Illinois High School Association and designed to give football men a greater understanding of rules, especially the newly adopted versions.

Ray Wolf, an ex-coach turned official, presided at the meeting. Jacksonville was but one of the 17 sites in Illinois picked for such meetings. Mr. Wolf explained that he was a member of a 7 man board of interpreters selected by the IHSA to travel over the state explaining the 169 football rules.

Ten Changes In Rules

Ten major changes in this season's football code were reviewed by Mr. Wolf for the officials and coaches of this area. Using diagrams to explain every revision, whether minor or major, Wolf clarified every aspect of the rewritten rules. The discussions were informal and the speaker was subject to questions at any time during the meeting.

Bosox Edge Closer To Yanks By 7-1

Win Over Bombers

New York, Sept. 9 — (AP) — Ellis Kinder throttled the New York Yankees on four singles today as he pitched the Boston Red Sox to a 7-1 triumph over the American League pace-setters. The triumph was Kinder's ninth straight, his 19th of the season and it reduced the Yank's margin over the Boston Maulers to one and one half games.

Kinder walked nine and fanned eight before 53,548 fans. The Red Sox broke a scoreless tie in the third inning when Johnny Pesky crashed a two-run homer with two down. Bobby Doerr blasted his 18th of the season off starter and loser Ed Lopat in the following frame and the Sox were never headed.

Phil Rizzuto singled home Billy Johnson with two out in the seventh for the Yanks' only run. Boston . . . 002 110 120-7 9 0 New York . . . 000 000 100-1 4 3 Kinder and Tebbets; Lopat, Casey (8) and Berra. HRRS: Boston—Doerr, Pesky. Losing pitcher—Lopat.

Cleveland Blasts Brownies 5 To 2

Brownies 5 To 2

St. Louis, Sept. 9 — (AP) — Led by Dale Mitchell, who pounded out a home run and triple, the faltering Cleveland Indians got back on the victory trail tonight as they handed the St. Louis Browns their sixth straight defeat, 5 to 2. Home runs by Jack Graham and Stan Spence accounted for the only runs given up by Mike Garcia.

Graham's round tripper, his 23rd of the season, came in the second inning and gave the Browns a brief lead. The Redskins tied it in the fourth on Bob Kennedy's infield hit plus wild throws by Jerry Priddy and Bob Dillinger.

Mitchell's homer put the Tribe ahead in the fifth. After Spence's 11th four man tied it up again, a walk to Jim Heagan followed by triples by Mitchell and Thurman Tucker put the Indians ahead to stay in the seventh. Their final tally came on singles by Larry Doby and Ray Boone, sandwiched around a sacrifice by Joe Gordon.

AT HOME DOLDRUM AND FRAU LIVE LIKE THEY WERE ON A CAMPING TRIP

FAN BREEZES

BY BOB MERRIS

A goodly crowd of football fans, eager to see the grid season underway, has lined the JHS football field watching the Crimson scrimmage for the past few days. Kraushaar has been conditioning his squad since August 25, and now is watching them do their stuff under simulated game conditions.

Crimson coaches have been mizing the boys up 'til they don't know who's their buddy on the 100-yard battleground. Yesterday, a backfield that we had picked for second-string duty, ran roughshod over the more highly publicized ball toters. With stocky Jan Sommer calling the signals from the QB post, Don Smith and Bill Sabatini, with little Jess Meade contributing some timely downfield blocks steam-rollered to two TD's, while holding backfield aces, Walker, Campbell, Sameorc and Baldwin, barren in the tally department.

Big Ben Nunes, a late starter, rapidly worked himself up to a serious contender for the regular center job, a 190 pounder. Ben shows lots of fire in practice sessions and spends a great deal of time in the opposing backfield.

Illinois College huskies continued their grid conditioning under the lights on the JHS field last night in a scrimmage session designed to separate the men from the boys, so head coach Al Miller reported. With the Millikin home opener looming nearer with every practice, flies in the Bluejay grid incident have to be picked out rapidly.

Sports headlines daily carrying stories proclaiming that a big league manager is tired of seeing his team take the publicity lumps and intends to fight back. But seldom do the pseudo-smart club owners step in and take a hand in the protection of their players. To Fred Saigh, St. Louis Cardinal proxy, goes the distinction of being one of the few owners who directly participates in the daily course of events, baseballically speaking.

When a baseball writer unwittingly exclaimed that the Cardinal management should inject some young blood into the "old" Redbird team, Saigh was Johnny-on-the-spot with figures to prove that his ball club's average

Pittsburgh Sports Writer Hits BWAA Over Negroes

Pittsburgh, Sept. 9 — (AP) — A Pittsburgh sports writer today defended what he called a pointed suggestion that he quit the Baseball Writers' Association of America because he advocated membership for negroes.

Vince Johnson, 37-year-old Post-Gazette columnist, said the association's Pittsburgh chapter advised it "will be glad to accept his resignation if you feel as you write."

Declared Johnson: "I can see little fairness in a situation where negro sportswriters are barred from covering baseball games while members of their own race are playing on the field."

"I feel as I write about giving negro sportswriters the same status about other writers covering major league baseball. I have no intention of resigning. Membership in the association is necessary to my work."

Only association members are assigned seats in press boxes at major league baseball parks. The association's constitution restricts membership to writers actively engaged in reporting games for daily newspapers.

Negro newspapers are published on a weekly basis and this bars them from membership, said Johnson, adding:

"I have maintained that, since the constitution works undemocratically, it should be changed."

Athletics whip Senators 5 To 2

Philadelphia, Sept. 9 — (AP) — The Philadelphia Athletics made a clean sweep of its three game set with Washington by taking the series final 5-2 tonight before 1,518 fans, the smallest floodlight crowd of the local major league season.

Rookie Bobby Shantz accounted for the win as he scattered Washington's eight hits. The Athletics decided the game with three unearned runs in the first inning off Lloyd Hittle.

Philadelphia's other markers crossed in the fifth on a walk, sacrifice, Hank Majeski's single, Pete Suder's double, an intentional pass and a walk to Shantz with the bases loaded.

Washington . . . 000 010-2 8 1 Philadelphia . . . 000 020-5 9 1 Hittle, Wetteroth (7) and Evans; Shantz and Astroth. Losing pitcher—Hittle.

Cubs Overwhelm Pittsburgh 8 To 1

Pittsburgh, Sept. 9 — (AP) — Andy Patko's grand slam homer climaxed a big seven-run fifth inning tonight as the Chicago Cubs crushed the Pittsburgh Pirates 8-1 behind the three hit pitching of Walk Dubiel.

Ralph Kiner hit his 44th home run of the year in the ninth inning for the Pirates' only score. The game attracted 7,905 fans, the smallest night crowd here this season.

The loss was the 12th in the last 13 starts for the hapless Pirates. Bob Chesses started for the Cubs but went to the pieces in the fifth, wild-pitching in one run and sending two more men across the plate on walks with the bases filled.

He was relieved by Ray Post and Andy Patko hit the first pitch for a base-clearing homer.

Chicago . . . 000 070 100-8 10 1 Dubiel and Scheffing; Chesses; Patko (5) and Sewell (9) and Masi. HRR: Chicago—Patko; Pittsburgh—Kiner. Losing pitcher—Chesses.

Bears To Battle Giants Today

Chicago, Sept. 9 — (AP) — The Chicago Bears will seek their fourth straight triumph of the National Football league exhibition season tomorrow against the New York Giants before an expected 35,000 fans at Wrigley Field.

With T-Wasters Sid Luckman and Johnny Lujack improving with each outing, the Bears have defeated the Pittsburgh Steelers (34-0), New York Bulldogs (14-7) and Washington Redskins (38-17).

The Giants have had two pre-season tests, losing 14-7 to the Green Bay Packers and 28-13 to the eastern All-Stars.

Kickoff is at 1:30 p.m., CST.

JACKSONVILLE RIFLE CLUB OPENS SEASON

The Class B squad of the Jacksonville Rifle Club shook off an inferiority complex Friday night to outshoot the A squad by 30 points in the opening shoot of the season held on the Washington school range.

Fred Chadwick was the captain of the winning team; John Marsall was losing captain.

High scores of the evening were: Robert Foster and Mrs. Dolly Robbins, 263; tied; Fred Chadwick, 365; Fred Engelbach, Jr., and Bud Crawford, 354; tied; Dr. Friedrich Engelbach, 361, and Mrs. Robert Foster, 362.

Cardinals, Dodgers Both Stumble To Keep One-Game Margin

Cincinnati, Sept. 9 — (AP) — Johnny Vander Meer stopped the St. Louis Cardinals with a masterful five-inning pitching performance tonight that gave the Cincinnati Reds a 6 to 1 victory over the pennant-seeking Redbirds. The decision held the St. Louis first-place margin over Brooklyn at one game.

The Cards, who had won 11 and tied one with Cincinnati in their last 12 games, could have stretched their National league lead to two games by winning tonight, but Vander Meer stopped all that.

Big Johnny has won only three games all season and three of those victories have been over St. Louis. Two of them were shutouts but he was at his best tonight.

He yielded a run in the first inning and then out the Cards down with machine-like precision until the ninth. In that seventh inning stretch, from the second through the eighth, only 23 men faced the Cincinnati southpaw and only one got beyond first base.

Vander Meer weakened momentarily in the ninth when he gave up singles to Stan Musial and Nippy Jones and walked Enos Slaughter. All of that came with one out. Then Vandy wore down again. Marty Marion went down swinging and Del Rice fled out for game-ending putout.

The Reds did hasty clubbing of four St. Louis pitchers—Alpha Bralle, Ted Wilks, Jerry Staley and Bill Reeder.

They batted around in both the fourth and fifth innings as they scored three runs in each of those frames.

GIANTS HELP CARDINALS
Brooklyn, Sept. 9 — (AP) — The New York Giants piled it on thick today as they scored one of their infrequent victories over Brooklyn's Dodgers by a 10-1 count.

The loss not only snapped a six-game Brooklyn winning streak but

aggravating an old knee injury.

WILDCATS HAVE LIGHT DRILL
Evansville, Ill., Sept. 9 — (AP) — Northwestern's footballers drilled lightly today in preparation for a heavy intra-squad scrimmage tomorrow.

The Wildcats devoted most of the time to rehearsal of plays and punting. It appeared that Halfback Tom Worthington would succeed graduated Frank Aschenbrenner as the No. 1 punter.

GROOM INJURED
South Bend, Ind., Sept. 9 — (AP) — Gerry Groom, De Moines, Ia., junior, today suffered a wrenching knee in Notre Dame's football practice and will be sidelined for a week.

Groom, and Walter Grothaus, Cincinnati senior, are aspirants for first string center. Coach Frank Leahy plans to send his players through a regular game scrimmage tomorrow.

LaBeach Enrolls At Loyola Of La.

Los Angeles, Sept. 9 — (AP) — Lloyd LaBeach, world record holding sprinter, enrolled today at Loyola University of Los Angeles.

The 26 year old Panamanian signed up as a political science major. Classes begin Monday.

LaBeach is credited with 10.2 seconds for the 100 meter dash, equalling the record time of Jesse Owens and Ralph Metcalfe. He competed for Panama in last year's Olympic games, running third in the 100 meter and 200 meter sprints.

The university said he has two more years of collegiate eligibility.

Bears To Battle Giants Today

Chicago, Sept. 9 — (AP) — The Chicago Bears will seek their fourth straight triumph of the National Football league exhibition season tomorrow against the New York Giants before an expected 35,000 fans at Wrigley Field.

With T-Wasters Sid Luckman and Johnny Lujack improving with each outing, the Bears have defeated the Pittsburgh Steelers (34-0), New York Bulldogs (14-7) and Washington Redskins (38-17).

The Giants have had two pre-season tests, losing 14-7 to the Green Bay Packers and 28-13 to the eastern All-Stars.

Kickoff is at 1:30 p.m., CST.

Blindness No Traveling Handicap, Says Woman

By Mary Ellen Broge

There's more to traveling than meets the eye, as Ethel Kimbel of this city will vouch.

Miss Kimbel—who thrilled us by her description of a tropical coastal town, with its mad jumble of "rain-bow-colored houses, dirty pigs and chickens, brilliantly gorgeous flowers and half-naked, sun-browned youngsters"—is totally blind!

She lost her sight at the age of two, when stricken with measles.

Yet, since she began her travels some 20 years ago, soon after she started teaching piano at the Illinois School for the Blind, Miss Kimbel has seen many of the places most of us dream about.

Not In The Carolinas

This includes at least two trips in all the states, out to the Carolinas, three visits in Canada, two in Mexico and single trips in Cuba, Guatemala, Honduras, Nicaragua and Panama, where she had her "first and only contact with the jungle."

The first excursions were made with her family. When that was made impossible about ten years ago, the plucky traveler took to "summer sightseeing" alone. "I never had to be put on the shelf."

She only recently returned to her

Homemakers Of Franklin Meet In Waverly

Franklin — The Franklin Homemakers Circle held its first meeting of the new year with Mrs. William M. Nece at Waverly. The new president, Mrs. Clara Camm, presided, assisted by the new secretary, Mrs. Blanche Wood.

Sixteen members responded to the roll call by telling something of their first school teacher. Papers were read by Mrs. H. Crain on the subject "The Main Street Merchant," and by Mrs. Lillian Seymour on the subject "The Retain Person At Work."

One guest, Miss Dorothy Nece, was present. During the social hour refreshments were served.

The next meeting will be Sept. 20 with Mrs. C. Donald Ramsdell.

To F.F.A. School

The F.F.A. officers including the president, James Ransom, Vice-President, Gerald Clayton, Treasurer, Richard Sweet, Reporter, Darrell Smith and Instructor, Richter left Friday morning for Peru Marquette state park, where they will stay until Sunday attending an officers training school.

Franklin Notes

Norman Seymour and family have moved into the Vanwinkle property recently vacated by Mrs. Harriet Harris.

Mr. and Mrs. Byron Smith flew to Chicago last Friday and spent the day attending the Railroad Fair. They returned that evening.

Mr. and Mrs. Walter Hart of Springfield visited last Sunday and Monday with his brother and family, Mr. and Mrs. C. Hart.

Mr. Estell Seymour of Pasadena, Calif., arrived the first of the week for a visit with relatives and friends. Mr. and Mrs. Earl Seymour met her at Springfield.

Mrs. Watson Chance entertained 22 little girls last Saturday afternoon in honor of the birthday of her daughter, Janet.

Mr. and Mrs. Oscar Moore, son Jesse and Mrs. James Gline drove to Decatur Monday to visit their nephew and grandson, Staff Sergeant James Boyd, who has just returned from Germany.

Mr. and Mrs. Alan Kepling returned the first of the week from a vacation trip sightseeing in Colorado and New Mexico.

The Franklin Business Men's club are now giving free moving pictures in the Park each Saturday evening. The Franklin Theatre is temporarily closed.

Mr. and Mrs. A. G. Rawlings, Mr. and Mrs. Milton Seymour and Mr. and Mrs. G. M. Seymour spent a few days sightseeing in the Ozarks and fishing at Bagnell Dam. They visited Bridal Cave.

home at 138 Prospect street from a two week tour cruise in the Caribbean Sea aboard the S. S. Santa Paula, sailing from New York City. The liner followed the United States coastline until it reached Miami and then from there touched Cuba, Santo Domingo, Puerto Rico, Caracas, Venezuela and Colombia.

Four Shore Trips

The 300 passengers were permitted four organized shore trips conducted in motor cars. One full day was spent in Caracas (Caracas, accents on second syllable), capital of Venezuela and Cartagena (Car-ta-be-na) Colombian seaport.

A half day was allotted to the Islands of Curacao (Koo-ra-sou) northwest of the Venezuelan coast and Puerto Cabello (Pwer-to-ka-be-yo), seaport in Venezuela.

Miss Kimbel, who speaks Spanish fluently, often acted as interpreter for her group on these trips. She was gratified that her countrymen "respected the Spanish language enough to pronounce all the names correctly."

The return trip to New York City was made in five days of uninterrupted sailing. "Uninterrupted," said the seasoned voyager, "except for a hurricane that tossed the ship around like a toy. But that's what makes water travel so interesting."

Your Mind Enjoys

The power used by Miss Kimbel to grasp every detail of her tours might well be called her seeing mind. She claims, "It's your mind that enjoys, by what avenue doesn't really matter so much."

Her avenues to travel enjoyment are opened partly by "sensing what is near me and by using all my other faculties. Then too, a great deal of my information is volunteered by everybody around me as soon as they see I enjoy it."

Yes, travel for this sightless Jacksonville woman is "dead easy except for the few people, or travel agencies, who are afraid I may be incapable of washing my face and combing my hair."

The regular monthly meeting of the Jacksonville Association of Life Underwriters was held at the County Fair room of the Dunlap hotel Friday noon.

L. T. Oxley reported on C.L.C. and L.U.C. courses in Springfield available to life underwriters of this area.

It was announced by President Francis Richey, that the next meeting would be Thursday evening Oct. 20 and that the speaker would be Don Ross of "Successful Farming" magazine, nationally known after dinner speaker.

Program chairman Jack Mathews showed a film "For Some Must Watch," the much publicized and revived documentary film portrayed by real life characters.

White Hall—Rev. Elmer C. Johnson, pastor of the First Christian church, entertained at a dinner at the Griswold Annex. His guests were the chairman of the various church committees appointed by the church board for 1949-50.

Those present included Alton P. Seymour, Dr. W. H. Garrison, Mrs. Inez Piper, Mr. and Mrs. Ben Mirus, Mr. and Mrs. Raymond Wendell, Mr. and Mrs. Charles Coates, Mr. and Mrs. Rex Applegate and Misses Mildred Morrow and Dorothy M. Young.

A round table discussion was held on the various activities of the committees.

Rev. Johnson, who is also connected with the Christian church at Carrollton, has announced that Finis Main, lay speaker of the Methodist church at White Hall, will deliver the sermon at 9 o'clock service Sunday morning at the Carrollton church.
